Subject: RE: RWH test reports

Hi Lisa –

For Morso Jernstoberi: the study is now posted. <https://morsoe.com/us/conditions/epa-certification>

Hi Lisa –

For Pacific Energy True North, the studies are now posted to their site:

<http://truenorthstoves.com/en/products/pellet/tn40-pellet-stove>

<http://truenorthstoves.com/en/products/pellet/tn40-pellet-insert>

Regards -

Subject: RE: RWH test reports

Hello Lisa –

Thank you for bringing this to our attention. Here are the responses to your questions, in bold text. We will contact the companies in highlighted yellow to post the test report for that specific model.

- AAA appliances
 - EcoVision Ltd. - Kiwi VcV 2.1 The company doesn't manufacture stoves. They just license the technology.
 - Fireplace Products International Limited - F1150, I1150 <https://www.regency-fire.com/en/Professionals/EPA-Data> <https://www.regency-fire.com/en/Professionals/EPA-Data/EPA-Docs/F1150-i1150-EPA.aspx>
 - Morso Jernstoberi A/S - 7110 B - *links to a report for a different model. There is no report for this model on the website even though link indicates there is.* <https://morsoe.com/us/conditions/epa-certification> - This specific model is not linking to the correct test report (it links to the 6110, not the 7110) so we will contact the manufacturer to post the correct test report.
 - Pacific Energy Fireplaces - True North TN40b <https://www.pacificenergy.net/epa-test-data/> - This specific model is not listed on the link, so we will contact the manufacturer to post the test report.
 - Wolf Steel - Timberwolf 2100, Napoleon S15 <https://timberwolffireplaces.com/products/wood-burning-stoves/epa2100/> - The test report is for the 2200 model, which is already on that model page at <https://timberwolffireplaces.com/products/wood-burning-stoves/timberwolf-epa-2200/>. We will contact the manufacturer to post the correct report.
 - Woodstock Soapstone Company, Inc. - 210 Ideal Steel Hybrid <https://www.woodstove.com/index.php/support> https://www.woodstove.com/images/editorial_support/210%20PDFs/210-NON-CBI.pdf
 - Woodstock Soapstone – Absolute Steel <https://www.woodstove.com/index.php/support> https://www.woodstove.com/images/editorial_support/211%20PDFs/AS%20Non-CBI.pdf
- QQQQ appliances
 - Greentech Manufacturing Inc. - Crown Royal Stoves 7300E <https://www.crownroyalstoves.com/wp-content/uploads/2020/04/Test-Report-Non-CBI-7300E-WEB.pdf>
 - Polar Furnace Manufacturing - G-Class G2Plus <https://www.polarfurnace.com/products/gclass> There is no links for test reports yet it is advertised as being EPA certified. We will contact the manufacturer to post the test report.
 - Vedolux 350 <https://varmebaronen.com/nsps-approved-products/>
 - Vedolux 37 <https://varmebaronen.com/nsps-approved-products/>
 - Vedolux 450 <https://varmebaronen.com/nsps-approved-products/>
 - Vedolux 55 <https://varmebaronen.com/nsps-approved-products/>
 - Vedolux 650 <https://varmebaronen.com/nsps-approved-products/>
For the Vedolux models, Smokeless Heat is the sole U.S. importer for Värmebaronen. They do not post the test reports at <https://www.smokelessheat.com/product-category/wood-heating/>. But the manufacturer (Värmebaronen) posts the test reports on their website under Manuals → NSPS Approved Products.
 - Woodmaster CleanFire 400 Rafael contacted Woodmaster and they told him that the company is out of business, and is no longer manufacturing the certified model.

Subject: RE: RWH test reports

Hi Lisa,

Thank you for contacting the US EPA. Just to let you know that we are looking into the posting of the reports by manufacturers per Rule. We will follow up with you once we have reached a compliance determination.

Rafael Sanchez, EPA

Subject: RWH test reports

Rafael, we have searched manufacturers websites and cannot find EPA test reports for the following 15 residential wood heating appliances listed below. Can you please provide us with the URLs used to assure compliance with the posting requirement?

Thank you for your assistance with this request.

- AAA appliances
 - EcoVision Ltd. - Kiwi VcV 2.1
 - Fireplace Products International Limited - F1150, I1150
